

# Medical Laboratory Quiz

## WHAT AM I?

It takes a lot of special tools to make a medical laboratory run smoothly. Several of them are highlighted in this fun activity. Read the clues about the equipment, then use your best guess to figure out what they are. Write your answers in the spaces provided.

1.

I'm shallow and you can see right through me, but I have a lot of culture.

2.

I make a big deal out of everything, but I can focus when needed.

3.

I don't mean to over-"cell" myself, but I am very fast at what I do.

4.

I go up against highly offensive opponents, but you've got to hand it to me, nothing gets past me.

5.

You might think I'm disposable, but you'd be stuck without me.

6.

The work I do is very divisive, and I like to be the center of attention.

# Medical Laboratory Quiz **WHAT AM I?**

7.

I'm a bit controlling, but in a good way. I create the best environment for growth.

8.

I'm open for anything and am into labels. It's best to keep a lid on me though.

9.

I'm super chill, and I'm not afraid to use liquid nitrogen or helium when needed.

10.

Need liquids measured and transferred precisely? I'm painstakingly precise!

11.

When it comes to evaluating and putting things in order, I'm off the chain. Precision is in my genes.

12.

Our importance is easy to see. Open your eyes to the essential role we play!

13.

I might be square, but I can hold my share of liquid.

14.

I work under high pressure, so I have to let off some steam. I do it for all the little reasons.

15.

Like a detective, I determine unknown measurements and combinations, and find out what molecules are all about.

## Answer Key

1.

**Petri Dish**

8.

**Specimen Container**

2.

**Microscope**

9.

**Cryostat**

3.

**Automated Cell Counter**

10.

**Pipette**

4.

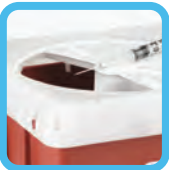

**Safety Glove**

11.

**DNA Analyzer**

5.

**Sharps Disposal Container**

12.

**Safety Goggles**

6.

**Centrifuge**

13.

**Cuvette**

7.

**Incubator**

14.

**Autoclave**

15.

**Mass Spectrometer**
